

### Corrigendum

Hallin, N., Västfäll, D., & Andersson, G. (2020). Bias against atheists and religious persons in Sweden. *Journal for the Cognitive Science of Religion* 5(2), 205–223. <https://doi.org/10.1558/jcsr.41002>. The article erroneously states on page 215: “Swedish participants made significantly fewer conjunction errors than Finnish participants when the target was atheist.” The correct text should read: “Swedish participants made significantly more conjunction errors than Finnish participants when the target was atheist.”
